

Titan Mining Receives NYSE American Pre-Clearance for U.S. Listing

U.S. Listing Supports Titan's Plan To Re-establish U.S. Domestic Production of Natural Flake Graphite, a Key Component in the Rare Earths & Critical Mineral's Ecosystem

Gouverneur, NY, October 30, 2025 – Titan Mining Corporation (TSX: TI, OTCQB: TIMCF) ("Titan" or the "Company"), an existing zinc concentrate producer in upstate New York and an emerging natural flake graphite producer, a key component in the broader rare earths and critical minerals ecosystem, today announced that it has received pre-clearance from the NYSE American LLC (the "NYSE American") to move forward with its planned U.S. stock exchange listing.

This initiative supports Titan's broader strategy to rebuild secure, North American supply chains for critical materials, most notably natural flake graphite, a key input for the energy-transition and defense sectors.

"Our NYSE American listing will expand Titan's reach to a wider base of U.S. investors who recognize the importance of rebuilding domestic production capacity," said Rita Adiani, President & CEO of Titan Mining. "By advancing zinc and natural graphite production in New York State, Titan is positioning itself as a cornerstone in America's critical-materials and energy-security ecosystem."

As announced on October 27, 2025, Titan's Board has approved a consolidation on the basis of one new Common Share for every 1.5 existing Common Shares (the "Consolidation"). The Consolidation will align Titan with U.S. market listing standards and will not affect any shareholder's proportional ownership. Titan's Common Shares are expected to begin trading on a post-Consolidation basis on the TSX and OTCQB when markets open on November 3, 2025.

Following the Consolidation, final approval of the NYSE American and the filing effectiveness of the Company's Form 40-F registration statement with the United States Securities and Exchange Commission, Titan expects its Common Shares to begin trading on the NYSE American under the symbol "TII".

Trading on the OTCQB under the symbol "TIMCF" will continue until the commencement of trading on the NYSE American. Trading on the Toronto Stock Exchange (the "TSX") will continue under the symbol "TI".

Titan anticipates the listing on NYSE American to be complete by the third week of November 2025 (subject to trading, regulatory approval and government shut-down measures impacting SEC filings).
